MADERO HAS UNEARTHED PLOT

Plan to Assassinate Mexican
Ruler Discovered—Guard
Has Been Doubled

OROZCO TRYING TO FORCE AMERICAN INTERVENTION

New Affronts Reported Today;
Mexicans Routed Out of
U. S. Settlement

MEXICO CITY, April 13.—De-
claring that he believes the pres-
ence of armed foreigners is a
menace to the peace of the re-
public, President Madero today
issued an order forbidding Amer-
icans bringing more arms into the
city. American residents are con-
sidering an appeal to the state
department. The opinion here is
that this is a part of a studied
program to affront Americans
and force intervention.

MEXICO CITY, April 13.—As a
climax to the receipt of scores of
menacing letters, the officials claim
today to have discovered a plot to
assassinate President Madero by dy-
namite in a public building. Twenty-
five arrests have been made. It is
reported others will follow.

OROZCO TRYING TO FORCE
AMERICAN INTERVENTION
WASHINGTON, April 13.—That
General Orozco is trying deliberately
to provoke American intervention by
breaking off official relations with
American consuls is the belief of
state department officials. Confiden-
tial dispatches give detailed accounts
of efforts to American agents ap-
parently made premeditatedly.

MEXICANS DRIVEN FROM
AMERICAN STATION
BANNING, April 13.—The local po-
lice have been called upon to clean
up several houses at the little desert
station of Cabazon, near Banning,
which have been captured by Mexi-
cans and held, despite the protests of
Southern Pacific employees, who at-
tempted to dislodge the unwelcome
tenants. The crisis came when Con-
stable Toulson and a band of fear-
less Indian detectives swooped down
upon the outfit and put them to rout.
The Mexicans were Madero sym-
patizers and contended that the pres-
ence of Americans in Mexican af-
fairs was sufficient excuse for their
crossing the line and taking Ameri-
can property in California.

AMERICANS PREPARE TO FLEE
BEFORE REBEL ADVANCE
EL PASO, April 13.—Mexican re-
bel representatives received advices
from General Huerta that eight thou-
sand federals are moving on Chihua-
hua and are planning attacks on
Ciudad Chihuahua, Jimenez and Par-
al. The rebels are reported to
have seized several important towns
in the state of Queretaro, and
Americans are preparing to flee.

ARIZONA FAVORS CHILD LABOR LAW

Leaders Freely Predict Law
Will be Passed by the
Legislature

PHOENIX, Ariz., April 13.—The
child labor law introduced in the
senate by President M. O. Cunniff
has gained many supporters, and
leaders freely predict its passage.
One clause prohibits any child un-
der 14 years of age from working
in any hazardous or unhealthful
employment. Objection to this
clause comes from the mining
districts. The bill fixes the min-
imum age limit for children who
wish to work at 14 years.

MAN FORCED WAY TO WHITE HOUSE PRIVATE ROOMS

WASHINGTON, April 13.—
Suspected of an intention to harm
President Taft, a man giving the
name of Michael Winter, was ar-
rested today at the White House
after twice forcing his way into the
President's private parlors. A
clasp knife was his only weapon.
Winter declared he was a Ger-
man, but failed to persuade the
German ambassador to give him
a letter of introduction to Presi-
dent Taft. He denied that he
meant any harm to the President
and was taken to the Washington
Asylum.

shot upward to \$1.10, a four cent in-
crease. A reaction brought it back
to \$1.07. Kansas City markets fol-
lowed the pace.

Ungranted—Conference Reopens
PHILADELPHIA, April 13.—Presi-
dent White of the Miners' Union,
late today said that thus far the de-
mands of the miners had not been

tlement was still most remote. The
conference adjourned until Monday.

Score Students Hurt
As Distillery Floor Collapses
PEORIA, Ill., April 13.—Scores of
students of Bradley Polytechnic In-
stitute were injured, twenty-five se-
riously, when the floor of the Wool-
len distillery collapsed. The stu-
dents were inspecting the ferment-
ing rooms when the accident occur-
red. The hospitals are filled.

Speeding the Guest
The hostess was so weary, after an
inordinately long call from a bore,
that when he at last rose to go she
was almost incapable of coherent
speech, and her words in consequence
changed places in her final effort at
hospitality. It ran as follows: "Oh,
Mr. Peters, must you stay? Can't
you go?"

Attorney John N. Anderson of
Santa Ana is a candidate for the
nomination for state senator from
this district, comprising Orange, Riv-
erside and Imperial counties. This
announcement is made today, and
the hat is undoubtedly in the ring
to stay until the senatorial primaries,
which occur next September.

THOUSANDS SAW WANT THE BIBLE SPECTACULAR RACES IN PUBLIC SCHOOLS

Stanford Wins 8-Oared Race
in Inter-collegiate Regatta
at Oakland

WASHINGTON SECOND AND CALIFORNIA WAS THIRD

Finish First Varsity Race Was
Closest in History of
Western Boating

OAKLAND, April 13.—Stanford to-
day won the Varsity 8-oared boat
race by two lengths, with Washington
second by five lengths, and Califor-
nia third by three lengths. Time
16 min. 43 sec. The finish of all three
was the closest and most spectacular
in the history of Western boating.
Thousands witnessed Regatta
Thousands lined the banks of the
Oakland estuary, riding in observa-
tion trains and launches to the annual
inter-collegiate regatta this morning.
Washington, California, Stanford
were the entrants in the Varsity race
for three miles. California and Stan-
ford were entrants for the freshman
race for the same distance. The
course was patrolled by federal re-
venue cutters. The weather was un-
settled, and the sea was in medium
condition.

Washington Varsity weight was 162
average, California, 174 and Stanford,
172. The largest crowd in the history
of coast aquatics was present.
The personnel of the Varsity crews
was as follows:
Stanford—Low, Olmstead; No. 2,
Beal; 3, Smith; 4, Watkins; 5, Dur-
yea; 6, Wickman; 7, captain, Seward;
stroke, Partridge; coxswain, Guerre-
na.

Washington, in the same order of
positions—Taylor, Will, Rutledge, Wal-
ter, Wright, captain, Pullen; Morgan,
N. Wright, Campbell.

California—Malatesta, Eaton, Hal-
bert, Shaw, captain, Maynard; Lee,
Denman, Hardy, Hutton.
In the freshman two-mile race,
Stanford won by a quarter of a
length, and California was second.
Time, 10 minutes, 12.45 seconds.
After a long wait the revenue cut-
ters cleared the course. Stanford as a
gun was fired, Stanford jumped im-
mediately into the lead, and was
never threatened except at the two-
mile mark, when Washington chal-
lenged her supremacy and drew
alongside on even terms, when the
Stanford stroke again let out and
the Cardinal shell again jumped to
a commanding lead. California re-
peatedly challenged Washington's po-
sition, but the Northerners managed
to hold second place, increasing their
distance from the Berkeleyans near
the finish. Stanford was superi-
or in strength and her staying
powers were evident throughout.
The freshmen race made a terrific
finish, California cutting down the
lead gradually, and coming within a
few feet of nipping the Cardinals at
the finish.

GERMANY WOULD LEAD
NEW YORK, April 13.—The cable
announcement from Bremen that the
North German Lloyd gave orders
for building a new liner, larger than
any in its service, is explained at
the steamship offices here to mean
that a liner of 64,000 tons, 4000 tons
bigger than the Olympic and the Ti-
tanic, is to be launched to put Ger-
many again in the first place in the
trans-Atlantic service.

It is said the new liner is to be
named after a great leader in Ameri-
can history and will be the first of
a fleet of similar boats designed to
take the place of liners of the Kaiser
Wilhelm der Grosse type. The boats
probably will be utilized for a ser-
vice to San Francisco via the Pan-
ama Canal and will cost \$10,000,000
each.

JOHN N. ANDERSON IS IN
RACE FOR STATE SENATOR
work was satisfactory generally to
the entire district. He is a Progres-
sive Republican, was a supporter of
Hiram Johnson in his campaign, and
is a supporter of S. C. Evans of
Riverside for congress.
Imperial county has shown no dis-
position to bring out a candidate,
and Riverside county leaders have
conceded that the nomination ought
to go to Orange county.
Anderson is well acquainted with
conditions in this district, having re-
sided in Riverside county four years
and this county sixteen years. He
has a wide acquaintance over the
three counties. The announcement
is made after a careful investiga-
tion into the sentiment of the peo-
ple of the district toward the candi-
dacy.

"Plain People Have Shown Their Belief in Roosevelt, the Man, and the Principles He Represents."

BY MEDILL McCORMICK.
CHICAGO, April 13.—Colonel Roosevelt has carried Illinois by not
less than 2 to 1. In other words he has a plurality of 150,000.
The overwhelming plurality proves conclusively that the Republi-
can voters, when given a fair opportunity to express their opinion are
opposed to the reactionary policies of the president and to the reaction-
ary bosses to whom he has permitted his managers to commit his per-
sonal fortunes.
Colonel Roosevelt's appeal is to the plain citizens against the com-
bination of bosses and a certain source of business represented in Illi-
nois by David R. Forgan and Senator Lorimer, and the plain people have
shown that they believe in Roosevelt the man, and the principles which
he represents.
In the light of the vote in the Illinois primary elections no honest
and straight thinking man can believe that the results in New York
City and Kentucky were representative of anything but political brig-
andage, which, by methods at once brutal and dishonest, deprive the
people of the right to nominate.
It is apparent that the claims of the Taft managers are as dishonest
as their political methods.
From now on the outcome of the pre-convention campaign is certain.
Of the political bosses and cheap politicians who have enthused un-
der the administration, few will dare to attempt and none can prevent
Theodore Roosevelt's nomination in Chicago next June.

IN HIS OWN MIND MURDERER JUSTIFIES HIS TERRIBLE DEED

George Biggs Shot Montee in Stomach,
Killed Him With Shovel, and Felled
Mrs. Montee With Fearful Blow

George Biggs was put in the
county jail last night for mur-
dering F. A. Montee and Mrs.
Montee. Montee was shot in
the abdomen, and then struck
a terrific blow on the head with
the edge of the shovel. Biggs
declares he was justified in
doing what he did, saying it
was a case of kill or be killed.
He takes the awful crime and
his predicament coolly.

Undersheriff Squires, District At-
torney West, City Marshal Kallenberger
of Anaheim and Deputy Marshal Ger-
main of Anaheim visited the scene
of the double murder, four miles east
of Anaheim, yesterday afternoon. This
morning at Anaheim the inquest was
held by Coroner Winbiger. Squires
and Deputy District Attorney Koepsel
took Biggs to Anaheim for the inquest.

Montee was president of the Golden
State Water Co. He owned property
in Los Angeles and the ranch at Ana-
heim, and was worth probably \$50,000
to \$60,000. His wife, Catherine, was
a sister of Charles O'Donnell of Ful-
leton and J. O'Donnell of East Ana-
heim.

Biggs had lived in this state for
about three years. He owned land ad-
joining the Montee ranch. According
to his story there was a forty-foot
road between the two places twenty
feet of it lying on each property.
About a year ago, Montee closed up
the east end of the road, and that
started the trouble.

Montee had his field planted to
sweet potatoes, and had the twenty-
foot strip planted. Biggs made up his
mind that Montee should not travel
on the twenty-foot road lying on
Biggs' land, which Biggs recently
sold but which he had rented for cash.
Preparing to irrigate, Biggs dug some
trenches across the road.

Yesterday Montee went to the field
and loaded on some potatoes. Biggs
says that Montee called to him and
told him not to dig up the road.
Biggs is supposed then to have gone
to his shack, where he, a bachelor,
lived alone, and returned with an old
revolver, an ax and his shovel.

When Montee started to drive out
he took the scip of road on Biggs'
side. Biggs told him to get over on his
own side, and showed the revolver.
Biggs says Montee called him a name,
and struck at him with a stick. The
first attempt of Biggs to shoot result-
ed in the revolver snapping. The
second pull of the trigger sent a bal-
let into Montee's stomach.
Montee jumped from his wagon,
and the two men clinched. Biggs says
Montee got on top of him, but he
quickly weakened and then Biggs
realized that he had wounded Mon-
tee.

Biggs went back to his house and
changed his clothes. A K. Pettit,
who had been engaged to do some
plowing for Biggs, arrived at the
house about 12:30 o'clock, and Biggs
told him there had been "some bad
business done." Pettit found the bod-
ies on the road. Mrs. Montee was
still alive. Pettit telephoned to Dr.
Johnston of Anaheim, and an ambu-
lance was sent out. Mrs. Montee died
before the hospital was reached.

PRESIDENTIAL PRIMARY VOTE MAY BE RECORD ONE

La Follette Begins Tour in
Oregon—Denies That He
Was Ever Sick

PHILADELPHIA, April 13.—A light
vote was reported throughout the
state at the primaries which are elect-
ing delegates to the state conventions.
Taft supporters claim a sweeping vic-
tory; the Roosevelt men are less con-
fident, but declare they will win some
seats. La Follette is apparently not
figuring in the election.

Trains throughout the state inter-
fered with the vote in the primaries.
Political experts declared that the
rainy conditions favored Taft, as the
outlying sections where it is difficult
to get to the polls. A small vote had
been cast up to 2 o'clock.

Late this afternoon a heavier vote
was cast and predictions are made
that it may yet reach a record vote.
Wilsonites and Clarkites are both
claiming a Democratic victory.

Roosevelt managers claim Roose-
velt will elect six of the twelve Phil-
adelphia delegates. Sixty-four is the
total number of delegates throughout
the state, with twelve other delegates
at large.

Senator Penrose, the Taft leader,
declared it would be impossible for
Roosevelt to secure more than twelve
in the entire state. Other Taftites
are not so sweeping in their asser-
tions. Roosevelt managers in West-
ern Pennsylvania claim Roosevelt will
get seven or eight in that section.

NEW HAMPSHIRE, April 13.—Colonel
Roosevelt was enthusiastically re-
ceived by large crowds on his tour
through New Hampshire. He made
rear platform speeches in Worcester,
Clinton and Ayer, arriving here at 10
o'clock today. He was obliged to de-
liver three speeches from an automo-
bile en route from the station.

La Follette in Oregon
PENDLETON, Ore., April 13.—
Senator La Follette arrived here this
morning and began his Oregon cam-
paign. He speaks at Pendleton this
afternoon and at La Grande tonight.
He will reach Portland tomorrow,
going thence to the western Ore-
gon circuit. Mrs. La Follette is ac-
companying him. She will speak on
woman suffrage.

Declaring that his health is splen-
did, and that he had never been sick
except in the minds of "the enemies
who deserted me and tried to wreck
my campaign," La Follette announced
that he was prepared for the hard-
est fight of his career. He an-
nounced that he would make a four
days' tour of Washington after his
Oregon campaign, before going to
California.

On account of expecting a large
sized audience, La Follette announ-
ced that he would speak from the
steps of the city hall. The town
was filled with ranchers and cow-
boys. Walter Houser, La Follette's
campaign manager, leaves for Wash-
ington Monday.

WASHINGTON WILL SEND
TAFTITES TO CONVENTION
HOQUIAM, Wash., April 13.—Re-
checking of the vote of Chehalis
County Republican Convention shows
that President Taft secured 200 de-
legates, Colonel Roosevelt, 20, and La
Follette 8. The convention was in-
structed to send a solid delegation of
twenty for President Taft to the
State convention.

A resolution favoring the renomina-
tion of Governor Hay and condemn-
ing the judiciary recall, was passed.

sy in a violent wind Aviator Maurice

Santon, crossed the English Channel

7 o'clock this morning and ended the

DEPORT THEM AS ANARCHISTS

Two Men Are Sent From San Diego; I. W. W. Prisoners Out of County

Los Angeles Times: Albert C. Cracher, an Englishman, and Thomas Bowling, a French Canadian, two of the bright and shining lights in the I.W.W., who have been engaged in spreading their propaganda at San Diego, passed through this city yesterday in the custody of Detective Edgar C. King and Inspector C. L. Keep, to be deported to England and Canada, respectively.

Bowling and Cracher have been addressing crowds of I.W.W.'s in various parts of Southern California for several months, viewing the situation with alarm and calling upon the sons of rest to rise and smite the money power, rob hen roosts if occasion demanded and if necessary drive off a bridge if there chanced to be a horse's head in it.

They have been under surveillance for some time and an investigation disclosed that they were aliens, illegally in the country. They were among the loudest mouthed in the crowd of undesirables, and on information furnished the authorities at Washington, they were taken into custody. Under the law there was nothing to do but order that they be shipped back to their native lands. The fact that they were advocating anarchy was proof sufficient that they never could be clothed with citizenship and there was no trouble in securing all needed evidence along that line.

It is alleged that Cracher made life miserable for the authorities in Santa Ana some time ago, moving from there to San Diego.

Cracher will be taken direct to New York and Bowling dropped off

at Port Huron, whence he will be told to skip over to Sarnia, on the Canadian side of the strait. The couple will be joined at San Francisco this morning, by two aliens ordered deported to Russia. San Bernardino also furnished two insane and epileptic subjects for deportation to Italy, one sailing from New York, the other from Boston.

GEN. OROZCO TAKES HIGHHANDED STAND

Rebel Belligerency Must be Acknowledged Before He Recognizes Letcher

CHIHUAHUA, Mex., April 13.—"I will refuse to recognize Marlon Letcher as consul of the United States as long as the United States refuses to recognize the belligerency of the liberal government of Mexico," declared Pascual Orozco, general in chief of the rebel army, yesterday. He said this when asked why he had caused letters from Consul Letcher to be taken from passengers on the train last Monday night and brought back to this city.

"I refuse to recognize Mr. Letcher as consul of the United States and I claim the right to treat his mail as I would that of any other person," continued Orozco.

General Orozco declared there were no troop movements to the south today, although there are rumors of some fighting between the federals and rebels near Escalon.

Four hundred federals are in the field against a rebel force of three thousand now in Bavis country. Colonel Rivera, with 125 infantrymen and two rapid fire guns, arrived at Agua Prieta and entrained for Ystabel. He will be joined there by a company of infantry from Cuppas and one from Cananea which are en route overland. The garrison at El Tigre has been reinforced by 190 men, making the total defenders there 300. Rebels are said to be receiving heavy reinforcements from Chihuahua.

Mexican Consul E. C. Llorente at El Paso declares that there are now 7000 federals at Torreon and that the federal advance on the rebels will begin immediately.

After being fired at by rebels four nights in succession American engineers of the passenger trains of the National Railways of Mexico have given up their jobs and the night passenger traffic between the city of Mexico and points to the south and east coast is suspended.

HOW BEN TILLMAN REGAINED HIS HEALTH AND CHEATED GRIM REAPER

Grizzled Fire Eater Tells Own Story of His Fight For Life That Was Rewarded by Success

WASHINGTON, April 13.—One year ago Senator Ben Tillman went to his South Carolina home a complete physical wreck. His colleagues here never believed it would be possible for the shadow of the "Pitchfork Ben" that was, to regain his health.

But at the beginning of the present session, the picturesque South Carolinian appeared once more in his seat in the Senate. Moreover, he looked well. His friends were astonished at his recovery, for everybody thought Tillman was near death.

"Physical culture and deep breathing were taken together because it is necessary to count the movements of the muscles and nerves and also to count them while holding the breath. I find it better to take and easier, the breathing exercise in a horizontal position rather than standing," explained Tillman.

Here are some of the "stunts" which the Senator recommends for those anxious to regain their health:

"Before arising in the morning, take the head off the pillow and stretch out, exhaling all the air out of the lungs and then draw in all the air possible.

"Draw up the knees with heels on

ferences in my strength and otherwise. I have said that I thought my health would come back to me through this exercise and diet, if at all.

A SPLENDID REMEDY FOR STOMACH TROUBLE

The real analysis of 99 per cent of all stomach troubles is the inability of the system to properly handle the food that goes into it. If your digestive system is in perfect working order it will digest almost anything you can eat—but on the other hand—if it is constantly abused—clogged—and inactive—it won't properly digest even the most delicate foods.

After many years of practical druggist experience, I became convinced that the most effective remedies for human ills were the remedies the all-wise Creator has provided—the herbs—for it is an unquestioned fact that every herb has its specific medicinal value and was created for that purpose. So I set about to study herbs—and their medicinal values—and the result of my study is "Brackett's System Builder"—which I confidently believe is the most practical and efficient remedy known today for disorders of the blood, stomach, liver and kidneys. You may be skeptical because you have heard of so many remedies, that they have all come to look alike to you—but I know what Brackett's System Builder will do for you—because I have seen it accomplish almost miraculous effects in hundreds of cases. No habit-forming drugs about it—just nature's herbs—in pleasant-to-take tablet form—50 doses 50c, at all druggists, or Wheeler & Mateer.

BODYSOUT LEADERS' CLASS TO BEGIN NEXT WEDNESDAY

Organization Will be Led by County Y.M.C.A. Secretary R. J. Hamilton

A class for young men and older high school boys to train as leaders for Boy Scouts is to be started by the Y.M.C.A. of Santa Ana, the first meeting being on next Wednesday, April 17, at 7:15 o'clock, in the basement of the First Presbyterian church. All interested are invited to be present.

At the present time the Boy Scout plan and methods of work are perhaps the most popular thing among boys and workers with boys. All objections brought against the English methods of the Scouts have been eliminated from the Boy Scouts of America, and it furnishes one of the best means of helping the boy from 12 to 18 years of age in his search for recreation for his spare time. Many very useful things are taught in the work of the Scouts, and the boy is developed in many ways which help to make him more of a man.

The primary aim of the Boy Scouts is to help in molding the best character possible among the boys. It develops honesty, obedience, patriotism, kindness, courtesy, thrift, cheerfulness, usefulness, courage, cleanliness of body, thought and action, and reverence.

In the leaders' class many lines will be taken up, among them being first aid to the injured, resuscitation, signaling, camping, marching, knot tying, woodcraft, use of the compass, and many other interesting lines.

The class will be led by the county secretary of the Y.M.C.A., Robert J. Hamilton.

STEAMER FROM SAN PEDRO TO ENSENADA

Eureka to Carry Passengers and Freight for North Pacific Steamship Company

Los Angeles Tribune: For the first time in the history of Los Angeles there is to be a regular line of steamers between the local harbor and Ensenada, Lower California.

The North Pacific Steamship Company yesterday announced that beginning next Thursday the steamer Eureka will be operated regularly between Long Beach harbor, San Diego and Ensenada. The first departure from Long Beach will be Thursday, but thereafter departures will be every Saturday evening.

The steamer Eureka carries freight and passengers. She has been employed by the North Pacific in regular business between San Diego and Ensenada alone. The large amount of freight being sent from Los Angeles to the Lower California capital has been the cause of including the local harbor in the run. Captain A. A. Knowles will be in charge of the vessel.

An important result of the new service will be another steamer weekly between Los Angeles and San Diego. At present the North Pacific operates two vessels from Los Angeles to San Diego, the George W. Elder and the Roanoke. These latter steamers also operate north to San Francisco and Puget Sound ports.

AMUSEMENTS

Symphony Club
The following press notice from the Los Angeles Times of last Tuesday, April 9, explains itself:

A pleasing concert was given by the Schubert Symphony Club and Lady Quartet, composed of Leota Corder, Rhea, Raven, Anna Pearl Wetherington, Lovie Zandt Purcell, with Thomas Valentine Purcell in the symphony at Y. M. C. A. auditorium last night.

The sonorous chords of the quartet were especially effective in Schubert's Serenade, while their wide range of expression found setting in the Strauss finale, "Sunlight, Twilight, Morning."

The soprano solo, "Ah, Fors e Lail," and De Koven's "Nita Oitana" by the quartet, brought cordial recalls for Miss Corder and Mrs. Purcell. The audience showed equal appreciation of Miss Wetherington's readings and the violin work of young Purcell.

The Schubert Symphony Club and Lady Quartet will be in Santa Ana at the Grand Opera House, next Monday evening, April 15, under the auspices of the local Y. M. C. A. Tickets are now on sale at the Rowley Drug Store at the popular prices of 35, 50 and 75 cents.

"Don't See This Show"
If your doctor (and none will) tells you that you must not laugh, then don't see the big new show at the Bell tonight and Sunday, for you will surely laugh; you will laugh often and long; you will laugh after you get home, and will surely laugh every time you think of this show, which consists of two big vaudeville acts and four new pictures, and all together will be presented just as you would have a real good show put on. An old saying, "Laugh and grow fat," and lately proven by science that laughing is one of the best brands of medicine, endorsed by the Pure Drug and Food Law.

Baseball Tomorrow
tomorrow's game promises to be one of the hottest ever witnessed.

DECISION OF ILLINOIS IS SIGNIFICANT

The Pasadena News, under the above caption discusses the result of the Illinois presidential preference primary in a manner as "significant" as the "decision" itself.

The News is an "independent newspaper" and is not supporting either Taft or Roosevelt. It believes that neither the President nor the Colonel can be nominated and is certain the President cannot succeed.

The editor of the News, Sam T. Clover, was for many years managing editor of one of Chicago's big dailies, the Record-Herald, we believe—and is, therefore well posted on Illinois politics.

We quote the News as follows:

"Roosevelt's overwhelming victory in Illinois on a straight-out, anti-Lorimer basis, is significant of two things: that the people are deeply resentful of the stain on their state, as evidenced by the senatorial bribery scandal, and are equally antagonistic to a second Taft administration. Following the rejection of the President in North Dakota and Wisconsin, in both of which states popular expression left no doubt of the sentiment of the people, the folly of attempting to renominate Taft must be borne in upon the Republican leaders. More than ever the situation points to the ultimate withdrawal of the President from the contest in favor of a third candidate. By the time Missouri's preponderant vote is declared to be anti-Taft, Oregon has announced her decision, Nebraska has turned thumbs down, and California has joined Illinois, the rejection of the President will be so manifest that to force him upon the convention would be an act of political harikari for the party."

"It would have been far better for Mr. Taft if he had lost in every district in Illinois than that the sole spot to declare for him should have been Senator Lorimer's stronghold. From the returns at hand, the Fifth congressional district, controlled by Lorimer, appears to be alone in declaring its allegiance to Taft and the inference drawn is not helpful to the President's cause. The charge that Lorimer was whitewashed in order to deliver Illinois to Taft has been repeatedly made. We reject the insinuation that the President was in tacit approval of this course, not believing he was in anywise consulted, but the results as disclosed are certainly unfortunate. The tainted senator at least demonstrated his gratitude."

HEALTH AND MARRIAGE

None knows better than the physician the tragedies caused by the marriage of the physically unfit. The necessity that both parties to the marriage contract should be mentally and physically sound has long been admitted, not only by the medical profession, but also by those who have made a study of sociologic problems. That the state should take action such as would prevent the mating of the unfit has long been recommended.

Marriage, however, has a religious as well as a civil significance with many people. What more rational, therefore, than that the religious representatives should take official notice of an evil that so closely concerns both the church and the state? Within the last few days a well-known clergyman announced that in future he would wed no couple that failed to bring from a reputable physician clean bills of health. One might imagine that there would be no criticism of this stand from other representatives of religious organizations. Nevertheless, newspaper interviews indicate that the advanced stand taken by the pastor in question did not receive anything approaching unanimous approval. One preacher in particular is quoted as waxing eloquent in the denunciation of what he was pleased to call "health certificate marriage." Said he: "It would rob the holy marriage rite of its sanctity. If you would divest a sacred custom of its beauty and holiness, if you would make the union of two souls a commercial transaction, then establish a custom which will permit the physician and his science to stand between two hearts that are drawn to each other."

At the risk of spoiling this prefrigid utterance, The Journal of the American Medical Association takes the liberty of paraphrasing it thus: If you would rob the holy marriage rite of its present capacity of permitting the infection of your sisters and daughters with loathsome diseases, if you would divest a sacred custom of its potentiality for perpetuating epilepsy and idiocy, if you would make the union of two souls synonymous with the union

of two clean bodies, then establish a custom which will permit science to stand as a faithful guardian of health and happiness over the two hearts that are drawn to each other!

GOLD IN PLACERS OF THE SIERRA NEVADA

(United States Geological Survey Professional Paper by Waldemar Lindgren.)

In 1849 an army of gold seekers—the Forty Niners—invasion the Sierra Nevada of California. They worked first along the present streams but gradually traced the metal to the old Tertiary river beds on the summits of the ridges and to the quartz veins, the primary source of all the gold in the Sierra. Millions of dollars were produced annually up to the seventies of the last century, but since that time, owing to the prohibition of hydraulic mining and the gradual exhaustion of the richer channels suitable for drift mining, the industry has slowly diminished, until now less than \$1,000,000 is produced annually.

More than \$200,000,000 has been produced from these placers, and an account of the natural distribution and origin of this gold was recently published by the United States Geological Survey in Professional Paper 73, by Waldemar Lindgren. The first edition of this monographic report on the subject was almost immediately exhausted, but the volume has been reprinted and is now again available for free distribution.

Referring to the present placer gold reserve of the Sierra, Mr. Lindgren says: "Gold is still contained in the Tertiary channels; miles of them are still unworked, but the problems are how to extract it without damage to other property from the debris and how to reduce the cost of drift mining so as to permit the exploitation of the less remunerative deep gravels." In this connection Mr. Lindgren has

traced the old channels and has prepared and included in this report accurate maps showing in detail the Tertiary drainage lines.

Placer Mining at Present
The decrease in hydraulic mining is partly offset by a new industry—dredging, which has been developed along the bottom lands flanking the range, and from this source during 1908 gold valued at nearly \$7,500,000 was recovered.

The gold found in the larger old river channels is about the size of flaxseed, most of the nuggets having been found either within or near quartz veins. In general the channels yield from \$70 to \$500 to the linear foot, which may be compared with \$100 a foot at Nome, Alaska, \$380 in the White Channel in Klondike, and \$440 to \$1,293 in the Berry drift mines in Victoria, Australia.

The total output of gold in California is estimated at \$1,200,000,000 to \$1,500,000,000, about one-fifth of which has been derived from quartz veins, \$300,000,000 from the Tertiary gravel, and the remainder from the Quaternary deposits.

A copy of Mr. Lindgren's report—Professional Paper 73—may be had free of charge upon application to the Director, United States Geological Survey, Washington, D. C. The report is fully illustrated with photographs, diagrams, and topographic and geologic maps, and is believed to be the most complete and thorough description of a great placer-gold province ever published.

Editor Register:—There now, what do you think of that? Four hundred members on the charter roll of our Y.M.C.A., and all in three months! which figures 133 1-3 members a month. When you recover sufficiently to realize what that means to the citizens of Santa Ana, I guess you will agree with me that there is the right sentiment in the city for a Y.M.C.A. to be successfully carried on. That was indeed a creditable announcement the president gave out on Tuesday night and the people of Santa Ana might justly feel proud to know that there is a good, live, go-ahead bunch of fellows banded together for the purpose of being, and to help others to be, good, sound, healthy citizens, and to grow up in the fear of God and to live a straight life in mind, body and spirit. The short talks and whole-hearted men and young men, most of them prominent in business circles, and all of reputable character, at the first annual banquet, which was a tremendous success, showed plainly enough that the spirit was there. Everybody was enthusiastic and voiced their belief that a building and complete equipment, which would enable the various officers and committee-men as well as fellow members to better carry on the noble work, would be secured in the not distant future. The banquet was a banner event, and it brought out the fact very forcibly that the young men are awakening to the possibilities that could be accomplished in the association work in Santa Ana. It has been heard from now comers to Santa Ana that they could not understand why there was no Y.M.C.A. in the city, and say that towns of much smaller size and importance than this are achieving wonderful results among their young men.

Now, fellows, we have started fine, and have done splendidly so far, let's keep up the good work, and we will soon have our ideas and ideals realized.

WHY CHRIST AROSE FROM THE DEAD

What His Resurrection Proved and Guarantees.

Pastor Russell's Easter Sermon Delivered in Academy of Music Before a Congregation of 2,500—Shows Some Inconsistencies of Present Beliefs.

(PASTOR RUSSELL)

Brooklyn, N. Y., April 7.—Pastor Russell of the Brooklyn Tabernacle preached in the Academy of Music today to nearly 2,500 hearers. His topic was, "Why Christ Arose from the Dead." His text was: "If Christ be not risen, then is our preaching vain and your faith also vain; yea, and we are found false witnesses of God." Then they also which are fallen asleep in Christ are perished." (1 Cor. xv, 14, 15, 18.) He said: "The faith once delivered to the saints by Jesus and the Apostles in respect to the resurrection of the dead has been very generally lost. Christian people profess a belief in the resurrection, because they find it stated in the Bible, yet they are continually in difficulty in their endeavor to make the Scriptural teaching on the subject square with some of the unsupportable theories received into the Church and incorporated into many of the creeds. St. Paul warned the Church against these human philosophies, and called them 'science, falsely so-called,' which make void the Word of God. These errors have been instrumental in dividing the faith of God's people into 600 different denominations, with 600 different professions. If God's people could all come back to the simplicity of the Bible's teaching, all of these differences would speedily disappear. God's Word would be seen to be beautiful and harmonious and satisfactory to the consecrated intellect."

The Bible Resurrection Reasonable.
Really the doctrine of the resurrection of the dead has been repudiated by all denominations, not willingly, but intentionally, but perforce, as it were. An opposite theory received, and entrenched in the minds gives no place for the doctrine of the resurrection as the Bible presents it. Consequently we have twisted the doctrine of the resurrection and recite, 'I believe in the resurrection of the body.' Yet, even this perverted view of the resurrection is not satisfactory to those who hold it. They wish many a time that the doctrine of the resurrection was not in the Bible, so much difference does it cause. For instance, how inconsistent it seems that they should say, 'I believe in the resurrection of the body,' and then say, as many do, 'Dying is but going home, getting rid of the mortal flesh, and being freed from its limitations. It is a blessing to die and get free from the limitations of the body, how could it be a blessing to be reincarnated in the body, and be obliged to keep it through all eternity?'

There is nothing inconsistent in the Bible presentation of the resurrection. Not from the Bible, but from men, comes the suggestion of the resurrection of the body. The Bible invariably refers to the resurrection of the soul. It is the soul that dies; as we read, 'The soul that sinneth it shall die.' Adam was created a living soul, but his living soul came under the death sentence because he disobeyed God. It was his soul that was redeemed from death, not his body. 'I will redeem thy life (look up the word life to see if it is from the Hebrew word meaning soul, and if so, add the word soul after the word life, in parenthesis) from destruction.'—Psalm cii, 4.

To accomplish this redemption we read that Christ Jesus 'poured out His soul unto death.' He made 'His soul an offering for sin.' Moreover, we are particularly told that it was the soul of Jesus that was raised from the dead: 'I will not leave Thy soul in Hades.' St. Peter quotes this statement of Jesus that His soul was not left in Hades. With what body do they come? Is a totally different question. Some of the dead souls, in the resurrection, will come forth with spirit bodies, and others with human bodies, according to the Bible. But the important point is that it is the soul, the being, that comes forth. If the soul dies, as the Bible declares, then manifestly the soul should be resurrected.

Bible Made Void by Tradition.
The difficulty with us has been that we 'have made void the Word of God' by our 'traditions.' We received from the Grecian philosophers a tradition which Socrates and Plato both advocated, namely, that when a human being dies he does not really die. The soul, it is claimed, cannot die, but whenever the soul gets out of the body, the body dies. How strange it seems that we all accepted this philosophy without a word of Scripture, but with hundreds of Scriptures to condemn it! It behooves us to take a decided stand either with the Grecian philosophers and their theories, or with the Bible. The two are in conflict and whoever attempts to hold both is in confusion. If the dead are not dead, then no human being is dead; and if no one is dead, how could there be a resurrection of the dead?

The second of the progressive whist parties to be given this week by Mrs. J. W. Tubbs took place last night at the Tubbs home on Bush and Seventeenth streets. With Mesdames Connell, Rutherford, Frank Remberg and Nell Brock assisting her, Mrs. Tubbs served very delectable refreshments utilizing the whist tables for that service.

The home decorations were charming with the "Cherry Blossom" being used extensively.

About forty ladies enjoyed the program, a special feature of which was the talk given by the Alaska missionary, Mrs. J. S. Spence, on her work in the Jesse Lee school, in the Aleutian Isles, Alaska. Mrs. Spence exhibited many quaint curios collected in her travels. Mrs. Russell Coleman sang two Spanish solos, accompanying herself on the guitar. Later dainty refreshments were served.

The time was spent in getting acquainted and planning for the year's work, which was referred to the committee in charge under the head of "Proper Set of Subjects."

Informal Dinner
Mr. and Mrs. Will Merigold had a small informal dinner party last evening at their pleasant home.

The well appointed table, under the deft fingers of Mrs. Merigold, bloomed with red geraniums and asparagus ferns. The cherry red tint was seen also in the ice.

Covers were laid for the host and hostess, Mrs. Cooper, Mrs. Ruth Taylor, Mrs. Maynard and J. M. Talcott; Mrs. Merigold's father. The guests remained for the evening, enjoying music and conversation.

At G. A. R. Hall Last Eve

The Daughters of Veterans held a regatta meeting in G. A. R. hall last evening. One new member, Mrs. Brewster, was initiated, and fifteen were reported on the sick list, the president, Mrs. Holbrook, being among them. An item of news was announced which will gladden the hearts of the "Vets," namely, that the W. R. C. has already begun to fatten a pig for the bean dinner, to be given during the annual encampment, which will be held at Huntington Beach in the early fall.

YELLOW LUNCHEON

Miss Iva Miller Hostess at a 'Pretty Social Affair' Yesterday

Golden poppies were used in the decorative scheme of a pleasant 1:30 o'clock luncheon given yesterday by Miss Iva Miller at the W. L. Miller home on French street. Yellow-shaded candelabra and the same golden hue in the delicious viands completed the yellow color scheme. Daylight was excluded and the soft artificial light brought out the pretty tint to advantage.

The invited guests were Mrs. C. V. Davis, Mrs. Elmer Burns, Mrs. Clyde Walker, Mrs. W. B. Snow, Mrs. W. D. Baker, Mrs. H. C. Dawes, Mrs. Addie Collins.

The ladies spent the afternoon with their hostess, the hours passing swiftly with vivacious conversation.

W. R. C. Tea

The usual tea and program was held at G. A. R. Hall, with Mrs. Mitchell as chairman of the social committee. The committee surely deserves unlimited praise for the delicious refreshments and the beautiful decorations, which turned the dining room into a bower of beauty.

Mrs. Lillie Miller was chairman of the program committee. Little need be said of her work, for everybody knows her ability in that line. The program was as follows:
Instrumental Solo—Mrs. Moesser.
W. R. C. Object—Mrs. Mills.
Solo, "Silver Threads Among the Gold"—Mrs. Winbiger.
Solo—Miss Fipps.
Boys' History Class—The "Old Boys."
Literature Class—The "Old Girls."
Reading—Mrs. Taggart.
An Old Time "Spelling Class"—Everybody.

To fully appreciate such a program everybody should have been present and joined in the hearty laughs that it produced.

Natural Error
A well-known Scottish architect was traveling in Palestine recently, when news reached him of an addition to his family circle. The happy father immediately provided himself with some water from the Jordan to carry home for the christening of the infant, and returned to Scotland.

On the Sunday appointed for the ceremony he duly presented himself at the church and sought out the beadle in order to hand over the precious water to his care. He pulled the flask from his pocket, but the beadle held up a warning hand and came nearer to whisper:
"No the noo, sir! no the noo! May be after the kirk's out—St. Paul Dispatch."

What She Wanted
They had been married but two months, and they loved each other devotedly. He was in the back yard, blacking his shoes.
"Jack!" she called, at the top of her voice, "Jack, come here quick!"
He knew at once that she was in imminent danger. He grasped a stick and rushed up two flights of stairs to the rescue. He entered the room breathlessly and found her looking out of the window.
"Look," said she—"that's the kind of a gown I want you to get me."—Harper's Magazine.

DRAMATIC SECTION PRODUCTION GOOD

ANAHEIM, April 13.—The play entitled "The Katzenjammer Picnic," given under the auspices of the dramatic section of the Ebell Club of this city, was the attraction at the Opera House Tuesday and Wednesday nights of this week, and was a success financially and otherwise. The proceeds will go toward the building of the Ebell club house.

It was the best amateur play ever presented in this city. Both nights standing room was at a premium and everyone went away satisfied. The lyrics were written by Mrs. Clara Payne, who is known as one of the most clever lady producers in the West.

The role of Mr. Katzenjammer was very well played by Mr. Guy Coykendall, who kept the large audience laughing from the time he made his first appearance until the last bell rang for the curtain. Albert Brunsworth played the part of Mamma Katzenjammer to the delight of everybody.

Hans and Fritz were played by Earl Abbey and Fred Signer, who managed to do a few stunts that would have been expected of the original boys in the same position.

Miss Fay McKinley played the part of Sis Hopkins, and those who have seen the original play are unanimous in their verdict that Miss McKinley's performance was that of a finished professional.

Tabitha Primrose, representing a leap year old maid, was very successful.

cessfully played by Miss Glenn. Her comedy and musical numbers were very snappy and original. Miss Glenn was one of the head-liners of the evening.

Harry Inskeep represented our unfortunate friend, Happy Hooligan. Mr. Inskeep is a professional, and filled this part with much credit.

Kitty Clover, this part being taken by Miss Helen Richardson, assisted by a group of pretty Orange county maids, was another enjoyable feature of the evening. Miss Lila Abbott sang a beautiful ballad entitled "Loretta."

Francis Egge and Ruth Chamberlain representing Buster Brown and Mary Jane, made another hit of the evening in their little musical sketch.

Little Mary Parker and Mildred Kemp, representing the Chinese twins, created a great deal of merriment in their song and dance specialty. The Quaker specialty afforded the most amusement, it being enacted by nine small children, the oldest being only five years old.

The Montana Teddy Girls from the Wild West was another very unique feature. The Wooden Shoe Dance of Holland, given by six young ladies, was especially good.

The Hornpipe Polka, given by ten young girls, was greeted with rounds of applause. "Walking Home With Angeline," sung by little Florence Allen, was one of the sweetest features of the evening.

"My Pretty Little Kickapoo," sung by Mrs. Don Parker and her cast of twelve Indian maidens, made a great hit.

The California Girls, including eight young ladies, was well given and received their share of applause. "My Little Hong Kong Baby" was sung with success by Alberta Abbey, assisted by eight Chinese maidens.

A beautiful playlet, the Gypsy Look, was well rendered by Nellie Cook, who sang the "Gypsy Queen." Mrs. Don Parker, who sang "The Cowboy Girl" and "Kickapoo Fortune Teller," assisted by seven young girls as Gypsy dancers.

Last but not least by any means was "The Yankee Doodle Girl," sung by Juanita Powers in her own inimitable way, assisted by the Katzenjammer Squad and the entire company.

A WELL INFORMED MAN A VISITOR

ANAHEIM, April 13.—H. C. Leuffer, from the Yaqui river country, Mexico, where he has been for the last 15 years, was the original locating engineer for the S. P. railroad. Swope, who was associated with him in the Richardson Construction Irrigation System in the Yaqui Delta. The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

HILL'S CORNER

It was but a few years ago that the greatest troubles this country experienced was the LOW PRICE of wheat and other necessary articles of food and now we are told that the greatest curse we are called on to endure is the high prices of these same things, and at the same time it is easier for the "wage earner" or the "salary earner" to supply the needs of his family now than it was when low prices prevailed.

The cause of the present unrest is found, in some measure, in the general rush to enjoy the pleasures of the "rich man" before the riches are earned and so we find many men running their automobiles when they should be hoeing their potatoes and then when sufficient potatoes were grown and marketed and the money in hand the auto could be enjoyed and potatoes would be sold at a fair price.

Sometimes we find the producer going to the large city or town that he and his family may enjoy the delights of city life and thus, one by one, the producers become the consumers and the "balance of trade" is against us and soon prices are raised because of SHORT CROPS.

Now one of the incentives to leave the farm and go to the city is because of the artificial and arbitrary way in which the railroads fix their freight rates. It costs San Diego less money to bring goods from Chicago than it costs us to have the goods left here, and so of every other part of the country. They charge more for the "short haul" than for the "long haul."

Now this brings up a question that is closely allied to the present political situation and we will take up that matter later, and try to discover a remedy.

SAMUEL HILL.

LOS ANGELES PRODUCE MARKET

The feature of the market was the slump in potato prices. All varieties with the exception of Salinas and Watsonville declined. Highlands were marked down to \$2.15 and the outside range held at \$2.50 per hundredweight. Lompoc went to \$3.00; Oregon to \$2.50 and \$2.75; Idahos to \$2.50, and local White Rose also to \$2.50. Continued heavy receipts and with reports that the new crop will be heavy caused holders to unburden their stocks. It is expected that the market will hover around present quotations for at least several weeks. There was an improvement in the demand under the revision. Highlands were best in call. Receipts were 855 sacks.

Mexican Bermuda onions were quoted 25 cents lower on the best offerings. Prices ranged from \$3.00 to \$3.25 per crate. Yellow varieties were firm under the revised figures of the previous day; \$4.00 per hundredweight was firmly upheld. Receipts were 228 sacks.

In the market for green vegetables little change was shown. There was a good demand for bunch stock at quoted prices. Celery was in liberal receipt and firm. Cauliflowers were in good call at \$2.00 per crate.

Asparagus was in moderate supply. White grass sold at 5 cents per pound and choice river stock moved out at 10 cents.

In the deciduous fruit market apples were in fair demand at the old range of prices. Red varieties of the smaller sizes were weak with dealers sacrificing their holdings.

Liquots were in good demand at 10 cents per pound.

Wagon deliveries of naval oranges were heavy, but the quality of the offerings were such that only peddlers and small dealers were attracted. Good standard size oranges were firmly held at \$2.50 per box. Grapefruit was weak, owing to liberal receipts.

There was no change in the egg market. The market was steady under prevailing quotations. The call was for ranch case counts at 21½ cents. Receipts were 819 cases.

The butter market was featureless. The receipts were about in keeping with the demand. The market ruled steady on creamery stock. While Indian and country grades were inclined to drag. No large sales were reported. Arrivals were 21,840 pounds.

No bean or sweet potato receipts were reported in. Both markets were in good shape.

AN OLD FASHIONED BARBECUE AT SAN JACINTO

The San Jacinto Board of Trade has plans for an Old Fashioned Barbecue that bids fair to outdo any thing of its kind ever given in this part of the country. It is to be given in celebration of the Great Water Discovery made recently, together with the present and future prosperity of their most beautiful little valley. San Jacinto fatted steers and pigs, for which this section is famous, will be served, as a pleasant reminder and notice to the whole country around that San Jacinto is happy. It was always good, but now it is literally running over with possibilities, in all branches of ranching, fruit growing, cattle and hog raising, in fact it goes right down the line heading the list in almost every particular.

"It is beautiful, and its future is assured," says Nat Goodwin, the great actor, as he gobbles a thousand acres and plans for a mansion. It's true we are off in a little corner by ourselves, but it's a cozy corner, and the best corner on earth for a man to get a start. We have had no land agents to boom and raise prices, making it especially attractive at this time. It's equally good for the rich and retired, because of its health giving climate, and beautiful surroundings, elegant trout fishing, and all kinds of small and large game close by.

Be sociable, come over and see us, you won't regret it, and we guarantee you won't forget it. Few minutes from Riverside by auto or Santa Fe, fine roads all the way. Come any time. If you want a snap you can't come too soon.

Look for another notice in this paper tomorrow. Send postal for photographs and further particulars. San Jacinto Board of Trade, San Jacinto, Cal.

Big Things

Are being done in the Yucaipa Valley. The purchasers of 5 and 10 acre ranches are now finishing up the job of setting twenty-five hundred acres of apple trees; they are building bungalow homes all over the valley, some temporary and some permanent. The completion of the big domestic water system by which soft mountain water is on tap not only in the town but in every ranch home, certainly is a luxury for ranchers. No wells, no windmills, no expense. Domestic water piped over a fruit growing district miles and miles in extent is a big thing. Then the irrigating system, big steel mains, carrying the water to every ranch, with a seven acre reservoir holding 75 million gallons of water, a complete gravity system, modern in all details and ready for use at any time. One share of water stock goes with each acre and the ranchers have complete ownership and control of the water system. Forty miles of graded streets and an improved boulevard through the valley, main highway to the east. These are all big things but the biggest and best of all is the opportunity for profitable investment. Nowhere else in Southern California will a few hundred dollars go so far in laying a foundation for future thrift and fortune. Big red apples pay better than oranges. No crop failures in Yucaipa. Home market that cannot be over-supplied. See what amazing profits the apple growers of the upper Yucaipa valley are making, eleven hundred per acre net. Come to our office and ask us all about what crops may be raised while the trees are growing and learn about the Yucaipa climate, the great home market, the exact location and numerous other things you ought to know. But the thing to do is to go along with us on a one day round trip to see famous Redlands and the Yucaipa valley, expense \$3.40. Only 60 miles from Santa Ana. Three trips a week. But read what follows. A new sub-division of Yucaipa land is ready.

BIG LAND OPENING

will take place on
TUESDAY, APRIL 16, 1912.

That portion of the Yucaipa valley known as the Dunlap Ranch, being the extreme western end of the valley has been subdivided and put under irrigation. This land lies between the apple land, at the eastern end of the valley and the city of Redlands, 1 1/2 miles from the Southern Pacific and Santa Fe railroad stations. It will be offered to farmers, fruit growers and investors in 5, 10, 20 and 40 acre tracts. Each acre carries a water ownership with it. All old-timers know this famous ranch for its wonderful rich soil as well as for its ample water supply. The east end of this tract is a very deep peat soil, full of decomposed vegetable matter, excellently adapted to the growing of pears, peaches and all deciduous fruits as well as potatoes, sweet potatoes, alfalfa, walnuts, tomatoes, cantaloupes, etc. All sorts of truck has been grown here for years, the land bringing a yearly rental of \$30 per acre.

Do You Know

that Redlands with its 8000 acres of oranges, has not one acre of truck land, therefore our truck farmers have a wonderful market right at their door.

We Say Without Fear

of contradiction that here is the richest land in Southern California, and we know that all old-timers will uphold us in this statement. All will have an equal chance to buy this land at reasonable prices and on easy terms of payment. It is the best chance in Southern California to secure little all purpose farms in the suburbs of a fine city, like Redlands. This is first class alfalfa land and has an abundant gravity water supply, the source of which you can see close at hand. Here now are two splendid opportunities. There is nothing you can put your money into as a farming or fruit-growing proposition, or as an investment, that will equal this opportunity we are offering you here. We urge you to join us on the above named date and make your own decision. Go right along with us any day next week. It is worth while to see and know about such a place. Tell your friends. Take a day off and make this delightful trip. This is sub-division No. 5 and like the others, will soon be sold out. In fifteen months over six hundred and fifty thousand dollars worth of the Big Red Apple land was sold. Call us up on Phone, Black 701, and make arrangements to go.

Phone, Black 701.

AT THE COURTHOUSE

PERIOD ENDS
AT MIDNIGHT

Many Women Have Changed
"Declines to State" to Some
One of the Parties

Tonight at midnight the period in which registrations can be made for the presidential primaries will end. Several dozen men and women visited the county clerk's office this morning for the purpose of making themselves available for a vote on May 14.

Midnight ends the registration, transfers and change of party affiliation periods.

In the last few days a number of women have signed certificates of party affiliation. All of those who were on the old Great Register, including the women who were registered for the school bonds election in Santa Ana and for the school election in the Fifth supervisorial district and Fullerton, can vote at the primaries on May 14, but to vote at the September primaries registration must have been since Jan. 1. In the bonds and school campaigns a large number of women registered giving "declines to state" as party affiliation. The question of party affiliation cut no figure in those elec-

tions, but it does cut all the figure in the May primaries. Those who have declined to state cannot vote on May 14, unless by midnight tonight they have changed their party affiliation to one of the parties that will be in the presidential preference primaries.

G. E. Robinson, registration clerk, will be on duty at the courthouse to take registrations.

IN THE JUSTICE'S COURT

BOMBELA IS HELD
FOR UPPER COURT

Heavy, Long-Bladed Knife is
Exhibit Filed in Preliminary Examination

Manuel Bombela was yesterday held to answer for trial in the superior court on the charge of murdering Apolonio Valdez near Los Alamitos on March 31. Among the exhibits was a heavy, long-bladed knife, about as ugly and dangerous a knife as has come into the justice's court for many months. With this knife, Bombela twice stabbed Valdez at a Mexican dance because Valdez took the side of his sister against her husband, Bombela, with whom she had quarreled.

THREATENED TO USE
BIG ARMY PISTOL

Manuel Lopez, dangerously intoxicated, was arrested yesterday on East Fourth street. He had terrorized women at the Arcade lodging house by threatening to shoot someone with an old army pistol that he had. This morning City Recorder Wilson fined him \$25 for carrying a concealed weapon, and he went to jail, not having money with which to pay the fine. Jack Gilbert was fined \$5. He was arrested while intoxicated.

SENTENCED TO HANG—

He was sentenced for murder by Judge Sook, and will be kept here ten days then taken to Folsom to hang.

Independent
"To needn't be so all-fired stuck up. Who are ye anyway? Cutting a swath around here as though you was quality."
"Pardon me, and! Have I seen you before?"
"Yer, ye seen me before. I knew ye when your ma took in washing so I did."
"Oh, yes, and we had to speak to you then to get your business, but we don't any more. See!"

The Kinds of Lies
A Chicago university professor, after exhaustive research, has discovered there are ten different kinds of lies.

Under his classification there are the fantasy or fairy tale lie, the vain glorious or boasting lie, the defensive lie, the heroic lie, the white or permissive lie, the society lie, the business lie, the art lie, and the adulterative lie.

After Sorrow is Past
"The world is ours again—
Ours is the heavenly route—
For as the healing rain
Refreshes the rose,
Sorrow has made us whole
After the bitter drought,
And the departing sun
Sheds his warm, golden glow,
Sing, heart, sing, sing, promise
Of the morning;
Love is not Love that has not tasted
Sorrow."

JAPS COULD TAKE
THE PHILIPPINES

Such Event Would Happen,
Says Gen. Edwards, in Case
of War With Japan

WASHINGTON, April 13.—The startling admission that in the event of a war with Japan the United States would be obliged to surrender the Philippines at once, receding from them only after it had whipped its opponent, was made yesterday by General Clarence R. Edwards, chief of the Bureau of Insular Affairs, before the Senate Committee on Finance.

General Edwards did not name in words the power to which he referred, but he gave the committee to understand that he had Japan in mind. The testimony of Edwards not only disclosed the belief of the War Department that a war with Japan is a probability, but indicates that the striking out of two battleships from the appropriation bill is a dangerous blow to the nation's defense.

After pointing out that because of the length of the Philippine coast, which is great as that of the United States, defense against such a power, as Japan would be impossible, General Edwards said:

"If any nation wants to take them, it is merely a declaration of war."
Edwards spoke of the inadequacy of the fortifications at Subic Bay to withstand attack, but declared emphatically that the loss of the islands would be only temporary, for they could be regained as soon as the United States had finally vanquished its enemy, as it must do eventually.

No Trace Found Near Escondido—Editor Sauer to Speak
at Meeting

SAN DIEGO, April 13.—The police are inclined to discredit the report published this morning that 65 Industrial Workers of the World, had eluded the county line guard and was progressing toward Escondido with the intention of coming to San Diego to participate in the "free speech" fight. A thorough search of the Escondido district this morning showed no trace that they had wandered there.

The free speech forces announce a meeting tomorrow, and that Editor Sauer of the San Diego Herald, alleged to have been kidnaped here, will return to speak at the meeting.

Her Fault
"If I have a fault," said Mr. Henpeck, "it is that—"
"If you have a fault?" Mrs. Henpeck broke in. "Ha, ha! Excuse me for laughing. If I have a fault it is that I sometimes permit my sense of humor to get the better of me."—Chicago Record-Herald.
